

## Create an account in OpenweatherMap Website

The screenshot shows the OpenWeatherMap website's user profile settings page. The browser's address bar displays 'home.openweathermap.org/home'. The navigation bar includes links for Guide, API, Dashboard, Marketplace, Pricing, Maps, Our Initiatives, Partners, Blog, For Business, SAR..., and Support. The user is logged in as 'SARANMONY'.

The 'My profile' tab is selected, showing the following fields:

- Username:** SARANMONY
- Email:** saranmony143@gmail.com
- Full name:** Saranmony R

There are buttons for 'Save', 'Change Password', and 'Privacy centre'. The 'Change Password' section includes fields for 'Password' and 'Confirm Password'.

The footer contains three sections:

- Product Collections:** Current and Forecast APIs
- Subscription:** How to start
- Company:** OpenWeather is a team of IT experts and data scientists that has been
